

APCC Proprietary

Originator: Hugh Walsh On: 29 - No  
 Last Editor: Annette D'elia On: 11 - De  
 Requestor: Hugh Walsh On:12/

X-Reference Part Number : 0030645

Oracle Description of Specification:

PreRelease

**TRANSFORMER  
ISOLATION DRIVER**

(use this for controlled release rev

Oracle Status :  
**Released in Oracle**

Expanded Description:

**Production Revision History :**

**REVISION HISTORY TABLE :**

Rev: 1	Date: Nov/29/2002	By: (full name) H.Walsh	ECO #:	Alpha Letter:	Description of Change Release

**Specification Details :**

Product Line : \*  
Gutor

Project Name or SKU numbers where first used :

**Drawing Package :**

- \* Safety Critical Components : - - - - - No
- \* PL Chief Engineer approval required ? - - - - - No
- \* Will this Part be mounted on a Printed Circuit Board? - - - - - Yes - PCAD Legacy
- \* Will there be a Solid Works model created for this part ? - - - - - Yes

Expanded description :

**Applicable Standards :**

APC standards :  
0S-ME-PKG

Industry standards :

**Component Parameters :**

---

**Notice of Deviation :**

---

**Special Instructions :**

---

APC Part Number 430-9369 -- Production Rev . 1

**Shipping Packaging :**

**Method and materials :**

Sufficient to prevent shipping and handling damage

**Inbound Shipping Package Marking requirements :**

Complete APCC Part Number, Date Code or Lot Code, Quantity, APCC Purchase Order Number, Manufacturer's part # and Manufacture Identification.  
PkgMethod\_1

**Part Markings :**

Part Number, Date Code or Lot Code, Insulation Class, and Manufacture Identification.

**Special Qualifying Instructions / Drawings :**
