

MR-16 LED Lamps Module

MBMR16-02 Series

Features:

- * Input Voltage:DC8V~30V or AC10~26V
- * Output Current:350mA/630mA/680mA/830mA/960mA...
- * Output Current Accuracy:±5%
- * High efficiency:>90%
- * Brightness control: DC voltage or PWM
- * Switching frequency:1MHz
- * Frequency Shuffling Technology for Improved EMI Performance
- * Quiescent current with output off:<60uA
- * Working Environment: -40 oC to 85 oC
- * Inherent open-circuit LED protection
- * Overload Temperature Protection (OTP)
- * Soft-Start function(SS)
- * RoHS Compliance

Module Configuration:
PCB Size:L=20mm*W=12mm*H=1mm

Ordering Part Number: MBMR16-02-XXXX

(XXXX: Sink Current(0350:350mA/0700:700mA.....0830:830mA.)
